consecutive numbers of the Volumes properly, without verifying if there are any pages missing in any particular volumes, such a procedure has led to much correspondence; without any final reply in some cases, from the concerned Courts, and has been the primary cause for accumulation of Law Books in the Government Presses.

Therefore, all Law Officers are requested to have the volumes and consecutive monthly issues and pages verified and arranged properly before despatching the same to the Government Presses for binding. A note may kindly be recorded to this effect in the letter forwarding the Law Books to the Government Presses for binding.

Also, they are requested to have the Rubber Stamp of their Offices or Courts impressed on all the issues of the Law Books, sent for binding, in order to facilitate the easy identification of the Law Books, received from the various courts and to avoid any incorrect despatch of bound Law Books.

B. KRISHNASWAMY CHETTY,
12747 *Director.*

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDARY SERVICES IN MYSORE, BANGALORE.

Note on the Health of Livestock in the State during May 1949.

Dated 27th June 1949.

A total of 490 Villages in the State were infested by various contagious diseases, Black Quarter affecting 254 Villages, Anthrax 73 Villages, Foot and Mouth 46 Villages, Hæmorrhagic Septicæmia 34 Villages, Sheep Pox 12 Villages, contagious Pneumonia 11 Villages and the other contagious diseases affecting 60 Villages as against 423 Villages that were affected by one or other of the contagious diseases during the previous month. The number of outbreaks and the severity of infestation was highest in Bangalore and Mysore Districts affecting 93 and 81 Villages respectively, compared with Chikmagalur and Mandya Districts, that were least affected *i.e.*, in only 20 and 21 Villages respectively.

The State was conspicuously free from Rinderpest during the month.

A total of 1,759 attacks with 1,195 deaths from the above various contagious diseases was reported as against 2,701 attacks and 1,120 deaths during the previous month. Classified according to the causes, the deaths numbered 753 under Black Quarter, 104 under Hæmorrhagic Septicæmia, 102 under Anthrax, 49 under Sheep-Pox and the rest under the various other diseases.

The Department undertook 33 005 Preventive inoculations and vaccinations against the several contagious diseases (25,740 for Black Quarter, 3,567 for Sheep-Pox, 2,376 for Hæmorrhagic Septicæmia, 639 for Anthrax, 250 for Pleuro Pneumonia, 75 for Foot and Month and 356 for other contagious diseases) as against 86,212 inoculations and vaccination during the previous month.

Prevalance of diseases due to Helminthic infestations was reported from 155 villages, the largest number of villages being from Malavalli Taluk, accounting totally for 51 deaths. The special staff attached to the Parasitic disease control units dosed 13,966 animals including 7,907 cattle, 1,745 buffaloes and 4,314 sheep and goats. In addition this special staff also treated 317 animals for various ailments and castrated 204 Scrub bulls and other animals during their visits to the several villages.
